

The Ian Schrager Company would like to thank you for your outstanding work at the Gramercy Park Hotel. Working with Roll-A-Cover provided us with a sense of security, and the aesthetic we hoped to achieve in creating a retractable enclosure for our Roof Top Terrace at the hotel. We believe our satisfaction is due to your exceptional knowledge and professionalism. We relayed our design ideas and you brought them to fruition in a timely fashion, with impeccable precision.

This installation has set us apart in the city, as our guests enjoy the comfort and beauty that this structure provides. Again, we applaud you and thank you for enhancing the hotel.

Richard F. Moon
Vice President of Development
